Comments: Our house adjoins 5 Woodside Avenue. We do not object in principle to the application but wish to ensure that in accordance with UDP 3 our residential amenity in terms of privacy is protected. It is therefore important that the side return of the new extension does not contain any window or aperture which would overlook our garden and we would wish to see any permission conditioned accordingly. We also wish to ensure that the side return is finished in an appropriate white pebble dash so that it is not unsightly to look at from our rear windows and garden.
