Cranley Gardens Residents Association

79 Cranley Gardens, ref HGY/2014/3499

I am writing on behalf of Cranley Gardens Residents Association.

Cranley Gardens Residents Association has no comment to make on the planning application ref HGY/2014/3499 as such.

Cranley Gardens Residents Association's only comment is that should Haringey Council grant permission for this planning application, please will it also ensure that on completion of the works pavement adjoining the application site is rectified with paving slabs, not asphalt.

The reason for specifying this is that some of the recent pavement repairs in Cranley Gardens have resulted in paving slabs on the footway being replaced with asphalt. Asphalt is considered to harm the appearance of the street because the patches of black are unsightly and out of keeping with the Cranley Gardens footway generally.

Elizabeth Sutton-Klein, Chair, Cranley Gardens Residents' Association, 5 Cranley Gardens, N10 3AA
