Comments: I am writing in support of this retrospective planning application. I am the owner of the flat immediately above the property to which this application relates. In my opinion, the works have been carried out in a careful and considerate manner, and represent a significant improvement to the layout of the downstairs flat at 67 Weston Park. Externally, the patio doors are in keeping with similar properties in the immediate vicinity and again represent a significant improvement, as previously this included a blocked up window with evidence of damp/flora within the walls. In summary, I am in support of this application and would be happy to provide further details should they be required.
