Comments: Please refuse this attempt to expand the size of these stores by occupying the curtilage to build ugly permanent awnings that detract from the shop frontages as planned. These add to the visual clutter as witnessed from the shop next door. They contribute to giving the area a bad reputation as somewhere that is not nice. When will it stop? It seems as if Haringey especially Wood Grenn an Tittenahm are the Wild West where anything goes and speculative shop operators just do what they like design wise. The area needs proper visual design guidelines to make it look like a nice place to live. Stop destroying the originally planned public realm by allowing these awful metal additions to shop fronts.
Just say NO!
