RELEVANT PLANNING LEGISLATION

Schedule 2, Part 1, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 sets out the requirements for permitted development in respect of the enlargement, improvement or other alteration of a dwelling house.

ANALYSIS/ASSESSMENT OF THE APPLICATION

Any proposal which exceeds the limits in paragraph A.1(f) but is allowed by paragraph A.1(g) of Schedule 2, Part 1, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 must not be in a Conservation Area and must comply with the conditions set out in A.4.

If an objection is received within 21 days, the Local Planning Authority must make a judgement as to whether there will be an impact on amenity from the proposed extension. If the LPA considers that there will be an impact, then they have to send a notice to the owner stating that prior approval is required and that it is refused. This has to be done within 42 days (6 weeks) of receipt of the application. If it is not sent to the applicant within 42 days, then it is deemed that the proposal is acceptable.

In this instance, following the procedures set out in conditions 1- 4, no objections from have been received from the owner or occupier of an adjoining property.

The proposed development would comply with Part 1, Class A, A.1(g) of the Town and Country Planning (General Permitted Development) (England) Order 2015 and therefore prior approval can be granted.

CIL APPLICABLE

The increase in internal floor area would not exceed 100 sq.m. and therefore the proposal is not liable for the Mayoral or Haringey's CIL charge.
