Dear Sir/Madam,

Thank you for your letter dated 25/02/2015 informing us planning permission application. I am strongly against the planning application which directly affect me and my family. If this planning application approved, it will have so many negative impact on me and my family as we are going to share the same terrace with this public house.

I will highlight the most important ones below:

1. Noise and disturbance resulting from use
2. Problem associated with use of alcohol and smoking
3. Health impact as we have underlying health conditions
4. Problems associated with the construction etc.

These are the main concern will have direct impact our day to day life, therefore me and my family strongly against this planning permission. We would like you take this into account when you make your decision.

Yours Sincerely

Alican Cakmaktas
