26 Stanhope Road, London, N6 5NG

This is an approval of details application for the demolition of the existing dwelling, and the construction of a replacement single dwelling.

This is a discharge of conditions application (HGY/2015/0800) in respect of condition 5 of application HGY/2014/3320

"Control of Construction Dust:

5. No development shall be carried out until such a time as the person carrying out the work is a member of the Considerate Constructors Scheme and its code of practise, and the details of the membership and contact details are clearly displayed on the site so that they can be easily read by members of the public.

Reason: In the interests of residential amenity.

Proof of registration with the Considerate Constructors Scheme has been provided. Condition 5 is approved for discharge.

Yours sincerely,
