2. SUMMARY OF RECOMMENDATION

GRANT PERMISSION subject to conditions

3. PROPOSED DEVELOPMENT AND LOCATION DETAILS

Proposed development

3.1 This is an application for a single storey rear extension which projects 3m in depth from the outrigger rear wall. The extension would project to the side of the outrigger width but only at the rear as it will not wrap around the outrigger. The width of the proposed extension aligns with the total width of the dwellinghouse.

3.2 The scheme proposed has a flat roof design which differs from the two previous schemes which had been refused due to concerns regarding character impacts due to the large bulk proposed.

Site and surroundings

3.3 The subject site is a two storey end of terrace dwellinghouse. The site is not located within any conservation area and does not fall within the curtilage of a listed building.

5. MATERIAL PLANNING CONSIDERATIONS

The main planning considerations raised by the proposed development are:

1. The impact of the proposed development on the character and appearance of the area;
2. The impact on the amenity of adjoining occupiers;

Character and appearance of the area

5.1 SPG1a 'Design guidance' in accordance with the expectations of the NPPF, saved UDP Policy UD3, emerging Policy DM1 of the Development Management, Development Plan Document (January 2016 pre-submission version), London Plan Policies 7.4, 7.6 and 7.8, Local Plan Policy SP11, states that extensions or alterations to buildings should be subordinate in scale to the original building, should respect its architectural character and should not dominate existing features important to the building.

5.2 The proposal is considered proportionate and subordinate to the host building and is in keeping with the pattern of development in the area. Therefore, the local character and visual amenity of the area will be protected in accordance with the above policies.

Impact on the amenity of adjoining occupiers

5.3 The London Plan 2015 Policy 7.6 Architecture states that development must not cause unacceptable harm to the amenity of surrounding land and buildings. Saved Policy UD3 and emerging Policy DM1 of the Development Management, Development Plan Document (January 2016 pre-submission version) also requires development not to have a significant adverse impact on residential amenity in terms of loss of daylight, or sunlight, privacy overlooking, aspect noise, pollution and of fume and smell nuisance.

5.4 The height and depth of the extension would not result in a material loss of sunlight or daylight, or have an overbearing appearance to the neighbouring property. There will be no material loss of privacy to neighbouring properties. The proposal is acceptable in amenity terms in accordance with the above policies.

Conclusions

5.5 The proposal would not have an adverse impact on the visual amenity of the area or the amenity of neighbouring properties.

5.6 All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above. The details of the decision are set out in the RECOMMENDATION.

6. CIL APPLICABLE

6.1 The increase in internal floor area would not exceed 100m^2 and therefore the proposal is not liable for the Mayoral or Haringey's CIL charge.
