Your ref.: HGY/2015/1070

Dear Sir,

I write with reference to a proposed development at 2 Coppetts Road, London N10 1NN (One back of this house overlooks the side wall of my property, at the address given at the top of this letter.)

The plans leave me still uncertain as to the height and possible overhang of the planned extension. These details obviously impact upon my own house, but, more generally, I am concerned about the environmental impact on the small rectangle of cottages (at Coppetts Rd., Pages Lane and Victoria Cottages). As well as issues relating to possible obstruction of light on neighbouring small gardens, there is the question of consistency of design and appearance. I find that I must have an objection to the plans.

Yours faithfully,

(MICHAEL WALTERS)
