Hi Matt

Town & Country Planning Act 1990 – Tree Preservation Order (TPO) Trees works application.

RE: HGY/2015/0838 - Land to the rear of 27-47 Cecile Park N8

The tree work application proposes to fell a Horse chestnut tree. These works will be permitted for the following reasons;

1. Tree is in a poor condition with evidence of decay in the lower trunk and roots.
2. A number of replacement trees must be planted in the vicinity upon completion of the new development. New trees must be of a minimum nursery size 18-20cm stem girth. Species and planting location to be forwarded to LBH tree section for final approval

regards

Alex Fraser

Hi Alex,

Thank you for arranging submission of the attached.

Can we hope to receive a decision prior to the stated deadline of 20th May? The feedback I had from previous site visit suggested the process might be expedited given the condition of the tree, but I appreciate these things have to go through the proper process. Main works will commence 18th May, so it would be beneficial for us to have notice prior to this if possible, as the removal will be performed by a separate specialist contractor.

Kind Regards

Jon Pyle
