Notes
Do not scale drawings. All dimensions should be checked on site. Errors to be reported to Architect. To be read in conjunction with all relevant Architect's services and engineer's drawings. Contractors, sub-contractors and suppliers must verify any critical dimensions on site prior to fabrication of any building element. Any discrepancies are to be reported to the Architect. This drawing should be read in conjunction with all relevant specifications, engineers and specialist consultant's information. Any discrepancies must be reported prior to installation.
No information in this drawing/specification should be interpreted as design related to fire safety or fire performance. As required by the Professional Indemnity market we exclude any liability whatsoever for the fire safety of buildings, products, materials or systems and assume these will be by others such as a Fire Engineer and Specialist Contractor Design.
