Comments: I am the resident directly opposite the proposed extension to no.3. and I am in full support for its development.
I have known the family for the last 7 years and they are a fundamental part of the community in this area.I cannot see any reason that the propsed development shouldn't go ahead.
The proposed extension would benefit the road and create a more aesthitic site line for that side of the street.
it may also force no.1 "shack" to start or devlop his ideas of making his squallid shed a residential rather than the ramshackle un-lived in shed it currently is.
