Submission: Objection
Comments: This application is almost identical to the application HGY/2015/0932, to which we have already objected on 25 April 2015 and to which we have had no reply.
The current application suggests in its drawings that the two properties (24 Ringwood Ave and our house at 26 Ringwood Ave) would become 2.2m apart, which is simply not true. The gap is currently 1.2m at ground floor level, which would remain, and the gap would become 1.7m at first floor level. As noted in our previous objection, this gap is closer than any other of the properties in the whole of the Ringwood Estate, where the typical gap is 2-3m.
We therefore continue to object to this application on the grounds of its extreme proximity to our property.
