Reference: PRE/2015/0248

Date (DD/MM/YYYY): 09/11/2015 (Must be pre-application submission)

Details of the pre-application advice received:

Mr Finlayson advised that these kind of proposals are quite common forms of residential additions and that they do not have an adverse effect to the area, particularly as this proposal is to the REAR of the property.
Mr Finlayson also advised that modern materials such as the ones proposed, ex. aluminium and render, are welcome .
In terms of the amenity space, the proposal allows for sufficient garden space, therefore no issues were raised.
With regard to the adjoining property (number 163), it was discussed at the meeting that the eaves height of the side extension should be kept low enough in order to not over-impose the neighbouring property whilst allowing for a healthy head height within the proposed extension. (At the meeting we discussed eaves height of approx 2.3 meters). We have lowered the proposed eaves to meet this criterion.
Overall there have been no issues with impact to neighbours or area.
