Dear Ms Williamson

Town and Country Planning Act 1990

Location: 115 North Hill N6 4DP

Proposal: Proposed disabled car parking space

It has come to our attention that a planning application has been filed for a disabled car parking space directly in front and in the garden of 115 North Hill N6 4DP.

We strongly oppose this application on the grounds that it will jeopardise the character and integrity of this very fine and rare example of an intact Regency Terrace.

We appreciate the difficulty in parking on the terrace and would however, fully support the allocation of a designated disable parking space for sole use of the applicant at whichever position is physically most convenient for them based upon their disability.

Yours sincerely
