Submission: Objection
Comments: TWIMC,

I am submitting this objection for two purposes:

1. I support all other objections made so far, and also challenge the resubmission of amended plans as not following correct planning procedure and should thus be excluded from consideration until this original application has been withdrawn or rejected, and the new plans submitted as a new application.

2. There is currently a hole in the wall of the development backing straight into the rear garden of 41R Conway Road, giving direct access to all rear gardens of this stretch of Conway Road. All owners of properties on Priscilla Road should be held liable for the safety risk this creates, both in terms of potential burglaries but also in the possibility of the wall collapsing, damaging property and persons either in Priscilla Close but also in adjoining Conway Road rear gardens. To create a new passage straight into other Conway Road rear gardens on the other end of this stretch of road, as this development of a flat roof would do, is simply irresponsible.

Regards,
