Dear Haringey
PLANNING AP
As neighbours affected by this planning application, we would like to object to it for following reasons:

- Priscilla Close already causes problems to neighbours because the road and public spaces do not belong to the Council, and are not managed, maintained or cleaned. Adding more dwelling space will make this problem worse
- The original 1999 planning conditions on this development are not being complied with
- The new application is not consistent with Haringey Council's own planning policies, will build over an existing garden, and create a dwelling with almost no natural light
- The new building will cause a security problem as it will give direct flat roof access to a neighbouring garage and then over into the back gardens of neighbouring houses

Yours James & Cheryl Ewing
