Our Quotation Reference Number:-	5346105	Bereket Tesfaye

Dear Bereket, Hope you are well

Quotation Date 17/02/2016

Thank you for your enquiry for **VISION SHUTTERS** for the **ONE** vulnerable openings that you need to secure.

The OVERALL Product sizes that we have allowed for, in millimetres, are;

	Width		Height
Shopfront	**5130**	**X**	**2800**

Below is a PRICE SUMMARY for both Supply Only *including Delivery* and a Price for *Supply & Install* - a TOTAL sum for ALL of the openings indicated above. Prices are NETT and exclude VAT at current rate.

PRICE SUMMARY	RSA75 Punched / Perforated Option		RA8 58% Vision Shutter Option
Total Price including Installation	£2,217	ALL	£3,131
		PLUS	
Price for Supply Only including delivery	£1,567	VAT	£2,481

SEE THE FOLLOWING PAGES BELOW FOR THE DETAILED SPECIFICATIONS AND PRICE BREAKDOWN

PLEASE NOTE: ELECTRIC SHUTTERS

A 5 amp fused spur is required for each shutter, within 1 metre of the motor (13 amp fused spur if Battery Backup is incorporated into the system). This needs to be carried out by your own Electrical Contractor, PRIOR to the installation date to prevent any extra costs. All of our wiring from the Fused Spur will be completed using surface mounted plastic trunking.

Our detailed Quotation overleaf shows the Product Options together with Specifications that we have available together with pictures of each product insitu. For each product detailed, we:

a) give an indication of the **Level of Security** that it provides – to help you make a commercial decision on which product will best suit your particular situation

b) give the **Level of Difficulty** for installing that product – to enable you to decide whether or not you or your contractor could carry out the work.

We trust this provides you with sufficient information at this stage. If not please do not hesitate to contact us if you would like to discuss these and other options further. By working together we can make sure that you purchase the right products for your particular openings, from one of the largest range of Physical Security available.

This quotation is valid for 30 days. We look forward to receiving your further instructions

Regards

Stuart Yeo
Technical Advisor

WARRANTY

All products supplied by Security Direct Products Ltd carry a warranty against defective parts and labour for a period of twelve months from the date of installation. The warranty is subject to fair wear and tear and the products being maintained in accordance with our recommended service intervals.

HOW TO ORDER

Simply ring us, giving our Quotation Number and your card details between 9 am - 5 pm Monday to Thursday, 9 am - 3 pm on a Friday. We accept most cards, except American Express Credit cards which incur a 2% Surcharge; Debit Cards are Free. Alternatively you can BACS a payment to Security Direct Products Ltd - Sort Code 30-93-91 Account No 24673168. Cheques should be made payable to Security Direct Products Ltd, but this will slow down the process by a few days until they clear.

To view our FULL Terms and Conditions of ordering - **CLICK HERE**

ORDER CONFIRMATION

Within 3 to 4 working days from date of order, we will email you a) an Invoice confirming payment and made b) confirmation of the order, c) anticipated delivery or installation date whichever is applicable and) installation instructions if applicable.

DELIVERY

Will usually be made by a National Carrier. Our price includes for a 2-3 day delivery BUT we can also offer 24 hour - Pre Noon or 09.30 hrs. Please ask us for the extra cost for these faster deliveries. Having both your landline and mobile telephone numbers means that any problems that our driver may have in delivering your goods are quickly resolved. You could get charged by the Carrier for a second time delivery, if they are unable to make the delivery on the first visit. Some of our vehicles are quite large. Please let us know when ordering if there could be a problem making a delivery, which could include narrow roads, one way streets or no turning circle etc.

APPENDIX 1

ROLLER SHUTTER LEGISLATION & ELECTRIC CONTROL SYSTEMS

UK HEALTH & SAFETY LEGISLATION

Current UK Health & Safety Legislation states that Shutters above a specified weight, going over a Doorway Servery or other area where people could walk under – MUST have a) if a Manual Shutter – a second spring fitted AND b) if an Electric Shutter, an Anti-Drop brake fitted.
All of our Shutters and corresponding prices include these items where required and therefore comply with the current UK Health and Safety Legislation.

MANUAL OVERRIDES

These when fitted, allow the Shutter to be operated via a Manual Crank Handle in case of Power or Motor failure. We will show whether or not we have included a Manual Override in the price or as an extra.

CE MARKING

From 1st May 2005 ALL Roller Shutters must comply with the Construction Product Directive. Using Products from Security Direct Products Ltd that are properly CE Marked demonstrates compliance. You would be breaking the Law if you accept an electrically operated Roller Shutter that has not been properly CE marked.

ROLLER SHUTTER MAINTENANCE REQUIREMENTS

It is now a Legal requirement that ALL Roller Shutters shall be subject to a suitable Maintenance Schedule and maintained in an efficient state (www.hse.gov.uk) PUWER applies. Security Direct can provide you with help and support in achieving this as well as providing Certificates for your H&S Files.

ROLLER SHUTTERS & PLANNING PERMISSION

Some installations particularly when fitted externally may be subject to Planning Permission. It is the customers responsibility to obtain all consents before the product is installed.

OPTIONAL CONTROL SYSTEMS FOR ELECTRIC SHUTTERS

Toggle Switch Included	Provided as standard in the Prices quoted above. Allows you to operate each shutter individually.
Key Switch £38 + VAT	Prevents unauthorised operation as only key holders can operate providing a more secure option. Up to TWO Shutters can be operated together.
Security Housing £48 + VAT	A Key Switch is not Secure. To make it more secure we can provide a Steel Security Housing Box complete with Lockable Lid for the Keyswitch to be fitted inside. Padlock not provided.
Group Command £116 + VAT	Each Group Command will allow up to FOUR Shutters to be operated together. These can be Linked together to operate an infinite number of Shutters VIA a Toggle or Keyswitch or Remote Control.
Remote Control £174+ VAT	Provides Wireless Control of ONE Shutter. By incorporating one or more Group Commands would allow all of your Shutters to be controlled from a Key Fob (2 key fobs provided within this price).

HOW CAN ELECTRIC SHUTTERS BE OPERATED IF A POWER OR MOTOR FAILURE?

Manual Override £56 + VAT	Allows you to operate the Shutter Manually using a separate Crank Handle supplied if the Power or Motor fails to the Shutter. A must if located over your Exit/Entry Doorway.
Battery Backup from £204 + VAT	If you get a Power failure this Battery Back up system (including brackets) will still allow you to operate the shutter electrically with ease. Requires a 13 Amp fuse rather than 5 Amp. Max 5.6 SqMtres - £204; Max 10.2 SqMtres - £263; Max 14.4 SqMtres - £387; 14.4 SqMtres + - £458 + VAT

APPENDIX 3

INSTALLATION & FIXING KITS AVAILABLE

INSTALLATION - by one of our Professional Teams

The **EXTRA** cost for our Installation Team to install these products for you, will be **£650 + VAT** subject to Site Survey, which you will need to ADD to the cost of the particular product that you decide on.

Please note - that extra costs will apply if the following are not provided on site prior to our arrival:

1) Clear and full access where the security products are to be fitted
2) Existing cables or other obstacles are moved as agreed with the Surveyor
3) A suitable electrical supply for any electrical shutters is in place and connected
4) Free of charge parking adjacent to where we will be working

INSTALLATION - DIY

These products are relatively straightforward to install by a good Handyman or Local Joiner.
While the Installation is important when fitting Security Grilles many of our customers using the guidance that we give, seem to be happy to carry out this work to the necessary standard.
Fixing kits are available and can often make the installation easier using the correct fixings.
If you have any doubts send us a digital photo of the opening and we will be able to see if you could have a problem in fitting the particular product. On the product page on our website are "How to Measure" and "How to Install" each product. We are only **at the end of a telephone** should you need any advice or help on the way, OR, just let us install the Security Product for you.

OPTIONAL FIXING KITS

FIXING KITS for Brick or Block work are available for ONLY an **Extra £15 inc VAT per Pack** which includes delivery. Full details of what is included in the kit are listed below.
All you need is a hammer drill for absolute ease of installation. You will need - RS Kit **1**

The RS Roller Shutter Fitting Pack includes:-

1 - 6.5 mm x 150mm long masonry Drill,; 1 - Screwdriver bit holder; 1 - 2.5 mm Allen key; 26 Brown wall plugs;
1 - Pozi 2 Screwdriver bit; 26 Concrete security screws 75. x 72 mm; 26 - White caps; 1 - TX Torx bit;
26 - 2" x 10's woodscrews.

PACKING OFF FROM OBSTRUCTIONS

Our prices do not include for "Packing Posts" to clear such items as skirting boards etc., which may not provide a clear rectangular opening in which to fit the security product. If required they available at £11 + VAT per metre. Let us know if you have an obstruction that could affect the fitting, as some products we can manufacture to avoid them, **without extra cost.**
