5 January 2016

Dear Ruma Nowax

re: HGY/2015/3659/ 6A Church Road N6 4QT

I own 50 North Hill, and have lived here for 52 years.

I had hoped that I might have had answers to the questions raised in my letter of 22 December 2015. However, I realise that this must be a busy time for you, with the interruptions of Christmas and New Year holidays.

With the deadline date of 8 January 2016, I must now make my decision without the benefit of clarification of the plans and proposals submitted.

The plans showed so many imponderables, inaccuracies, and even an apparent alteration of boundary lines, that I could not possibly approve, and I am herein registering my opposition to the proposed application HGY/2015/3659.

This was declared a Conservation Area for a reason. I consider it my duty to conserve it, not just for now but for future generations. The proposed plans for 6A Church Road, as I read them, are not in the established spirit of this enclave of listed period houses. Permission allowing the conversion of garage into room, with its vast expanse of glass, has already marred this special area. Any further extensions or alterations of this sort to 6A would be truly damaging to a lovely, historic part of Highgate.

Yours sincerely

Angela C Walford

Angela Walford (Mrs)
