Submission: Neither
Comments: In addition to the comments I have made earlier, I would uge the Council to refuse planning permission for this proposed redevelopment at 329 St Ans Road. I would add that the sheer scale of the building works involved would make noise, dust and other disturbances make a normal life impossible for me living at the premises next door and that I would have major concerns about the possible damage to my own property should such major works be permitted to go ahead.
I have consulted with neighbours in the locality who share my concerns about the development proposals for this proerty.
