Submission: Objection
Comments: I am stating my objections to the aforementioned planning applications at 17 Kings Road follows: 1) The plans depict a loft extension that is both overbearing and our of character with the rest of the Victorian houses in the terrace, additionally, ruining the aesthetics of housing stock that reflects the history of Tottenham in the Bruce Grove conservation area. Should we not be trying to preserve this heritage? 2) This extensive re-modelling will result in the destruction and loss of a small family housing unit which the borough is crying out for. 3) Building another extension to the rear of this property will remove a large proportion of the garden area 4) The rear facing windows of the proposed extension above the bathroom on the first floor could result in lack of privacy overlooking both my garden and overlooking property in Harpers Yard 5) The extension into the garden will block light into my garden and property and will bring additional noise.
