Dear Sirs

Re: Householder Planning Application for 120 Castlewood Road, London N15 6LE.

I enclose four copies of the application form, ownership certificate, fee of £172.00, drawings showing the existing and proposed plans and elevations, location and block plans and two copies of neighbourhood photographs and statement showing the non-eligibility for CIL charge.

The application requests planning consent to remove the existing garden sheds and existing ground floor extension, which have been in existence for over four years and to erect a ground floor and first floor extension, projecting into the rear garden by the length of the already erected extension to the neighbouring property, no.122. The proposal is designed to provide additional living space for this young, growing family, who have bought the property for their own use.

There are a number of substantial extensions and developments within the immediate neighbourhood, the photo sheets show 1: the subject property; sheet 2: the adjoining extensions already erected; with 3: just two of the recent sizeable developments in the same road.

Please let me know if you have any questions and let me have an acknowledgement and anticipated date for a decision.

Yours sincerely

Robert Smellie
