Comments: My property backs on to this one and I object to this application because his building and garden are poorly maintained and a disgrace.

I have had to complain on behalf of the other owners in my building that his fence down the side of our little lane is collapsing.

The landlord ought to spend some money on maintenance instead of alterations and he definitely shouldn't make the already small garden even smaller.

There appear to be a great number of people living in the property and I believe that these alterations are just a way to get even more tenants into the already overcrowded space.
