Comments: I am in support of the application for the club house. Without a club house there is no club. There are no late night parties, no loud music, no party animals. Its an archery club not a rave club. There is no noise pollution from the club. The issue with the parked cars on the site isn't a real issue. There are not that many cars parked on site, except on Saturday mornings when the juniors have a regular session for 2 hrs and by !:30 am most of the cars are gone.
Archery has been played on the site for 100yrs and exclusively for the last 50 yrs. Aquarius is a well know and respected club among the archery community. I am in shock this club could close all because 2 people simply don't want it there.
