Submission: Objection
Comments: Dear Sir/Madam,
Following the revised submission, I am writing for the fourth time to strongly object to this proposed development.
As per my letters in Jul, Oct and Nov, my main concerns of overdevelopment, light pollution, loss of privacy and insufficient drainage detail all still remain.
The recently uploaded photos clearly demonstrate that the studio directly overlooks my flat and severely compromises my privacy.
Furthermore, the loss of 50% of the existing garden space to this development unarguably constitutes significant overdevelopment.
I would urge the council to respect the numerous legitimate objections raised by the neighbours against this development.
Yours faithfully,
V Wilkinson
