Dear Madam

Your Ref HGY/2016/0558 - Lock up Garages Cline Road N11 2NE

We believe that the proposed development will have a negative impact because it will block light to our property and we believe we have a "right to light".

We see that each house has been allocated parking space., but where do you propose that visitors, tradesmen etc. are going to park? They will probably park in our road which will add to the already congested area as the front doors are opposite our houses.

These proposed houses are going to be taller than the existing surrounding houses (or they look like they will be) . Therefore they will be an eyesore. At the moment nobody overlooks us from the front and our privacy will be affected because we will be overlooked.

It will also block the view that we have enjoyed for the past 50 years.

Yours faithfully
