Comments: I am the owner of 6 Winchester Place. Having studied the plans in detail I am writing to object to this planning application.

The proposed new double height windows at the rear of the property will overlook my garden and intrude on my privacy. In style, design and scale they are totally at odds with the architecture of my and the other houses in the street.

I am also unhappy at the plan to raise the roof (the attic has already been built in to) and alter the general elevation which will have an impact on the appearance of Winchester Place in particular and the Cromwell Conservation area in general.
