6. MATERIAL PLANNING CONSIDERATIONS

6.1 The main planning issues raised by the proposed development are:

- Design, appearance and impact upon the character of the area;
- The impact on the amenity of adjoining occupiers;

6.2 Design, appearance and impact on Stroud Green Conservation Area

6.2.1 Saved UDP Policy UD3 requires new developments (amongst other aims) to complement the character, nature and scale of the local area, whilst Local Plan Policy SP11 promotes high quality designs to create attractive, sustainable and safe places and buildings in their local context. These local policies are supported by London Plan Policies 7.4, 7.5 and 7.6 and Chapter 7 of the NPPF.

6.2.2 The proposal involves the erection of a single storey extension to the ground floor. The proposal is considered to be acceptable for the following reasons:

- The height, depth and width of the extension would be subordinate in scale to the host building and would accord with the Council's adopted design guidance;
- The design, form and facing materials of the extension would be in keeping with the host building and would with accord with the building's character when viewed holistically; and
- The extension would retain a suitable amount of existing garden for continued use by the occupants of the property.

6.3.3 Overall, the proposed design, appearance, massing, height, depth, width, and siting of the extension is considered to be in keeping with the design of the host building

and the general character of the area. As such, the proposal is generally consistent with the NPPF 2012, saved UDP 2006 Policies UD3, London Plan 2015 Policies 7.6 and 7.8 and Local Plan 2013 Policy SP11.

6.4 Impact on the amenity of adjoining occupiers

6.4.1 The London Plan 2011 Policy 7.6 Architecture states that development must not cause unacceptable harm to the amenity of surrounding land and buildings. Saved Policy UD3 also requires development not to have a significant adverse impact on residential amenity in terms of loss of daylight, or sunlight, privacy overlooking and aspect.

6.4.2 The depth and height on the boundary would not cause any significant loss of light or outlook for neighbouring occupants. No privacy issues are envisaged.

6.6 Conclusion

6.6.1 Taking into account the above considerations, the proposal would not harm the amenities of neighbours with regards to loss of daylight/sunlight, loss of outlook and privacy. Furthermore, the proposal is considered to be appropriate in terms of its design and appearance, in the context of the host building and wider conservation area.

6.6.2 All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above. The details of the decision are set out in the RECOMMENDATION

7. CIL APPLICABLE

7.1 The outbuilding does not comprise a floor area exceeding 100 square metres. As such, the proposal is not liable for the Mayoral or Haringey's CIL charge.

8. RECOMMENDATION

8.1 GRANT PERMISSION subject to conditions

Registered No. HGY/2016/0929

Applicant's drawing No.(s) 44ALL-001 and 44ALL-002

Subject to the following condition(s)

1. The development hereby authorised must be begun not later than the expiration of 3 years from the date of this permission, failing which the permission shall be of no effect.

Reason: This condition is imposed by virtue of the provisions of the Planning & Compulsory Purchase Act 2004 and to prevent the accumulation of unimplemented planning permissions.

2. The approved plans comprise drawing nos (44ALL-001 and 44ALL-002). The development shall be completed in accordance with the approved plans except where conditions attached to this planning permission indicate otherwise or where alternative details have been subsequently approved following an application for a non-material amendment.

Reason: In order to ensure the development is carried out in accordance with the approved details and in the interests of amenity.

3. The external materials to be used for the proposed development shall match in colour, size, shape and texture those of the existing building.

Reason: In order to ensure a satisfactory appearance for the proposed development, to safeguard the visual amenity of neighbouring properties and the appearance of the locality consistent with Policy 7.6 of the London Plan 2011, Policy SP11 of the Haringey Local Plan 2013 and Saved Policy UD3 of the Haringey Unitary Development Plan 2006.
