Submission: Objection
Comments: I object to the increase in roof height and hence volume as well as two Velux windows to the front elevation. Other houses in the street only have one Velux window. The roof will actually be significantly higher than No 6 as it is already higher from my perspective and hence will be more imposing. It will also look odd in height compared to Nos 6 and 8 which it currently sits on a level with. The house faces directly onto my bedroom and bathroom.
