To whom it may concern

I am writing to appeal against the development of the 2 bedroom flat at 16 Wolseley Road N8.

We understood that this development had been refused by the planning department of Haringey council . However, the tarpaulin has recently been removed from the building and it is clear that this project has gone ahead. We live at 58 Glasslyn road and this development has a significant impact on our privacy as it is above tree level and the flat and balcony will have an unrestricted and direct view into our bedroom and bathroom. The proximity of the development is very concerning. We feel that our privacy is being distinctly compromised.

We were not consulted at the beginning of the process despite the fact that the development has a major impact on adjacent road properties and not just those on Wolseley Road itself.

Yours sincerely,

Oonagh Tarrant
