Comments: The supporting document MarkfieldRdSITEPLAN.pdf gives an erroneous impression of the designation of the various Units in Gaunson House.

The PLAN is grossly out of date and intimates the existence of 7 units at Gaunson House with UNIT 6 as encompassing the total car park area including a little single story warehouse/garage within it. This is not correct. In fact (to my knowledge) there are some Units 1/1A through to 10 on the Gaunson premises officially listed with the Post Office (and Haringey council rates department) as official addresses INCLUDING UNIT 6 on the first floor of the main building, which is LEASED to Euroart Studios since 17th November 2009.

This application if granted with such generically erroneous data is going to cause a lot of problems for all the tenants/users of Gaunson House, the post office and Haringey council itself.

To confuse matters, please refer to the supporting validation consultation list.pdf submitted by the applicant which suggests that the applicant is actually aware of the designation/existence of some 12 units at Gaunson House.

This application requires deeper scrutiny of the accuracy of all the supporting drawings and plans.
