Eastern Road

Submission: Objection

Comments: Firstly, This is a high-traffic, cul de sac, narrow road which does not have the infrastructure and is inadequate to cope with more traffic.

It is just off Bounds green road which leads to the North Circular which often see traffic jam. Lots of cars, vans, taxi would turn into this road to make a U-turn when they are stuck in traffic to find an alternative route.

There's been countless cases where the delivery vans parked on the road and blocked the exit which I sat in the my car for 10-15mins. Even if the van parked on one of the parking bays, the van would still be too long and I would not have been able to get pass it.

I, myself have been in car incidents on Eastern Road, and so are my neighbours.

It's unable to deal with more traffic from the visitors, carers, staffs, cleaners, paramedics, ambulances for regular and irregular visits to this care accommodation.

Secondly, there's concern on the noise and disruptions to the locals. I've cycled pass this house recently, and I was screamed at for no reason. I am wondering if they have already turned this to care accommodation and applying for planning permission retrospectively.
