Submission: Objection

Comments: The house, as far as I'm aware, is already being used for a purpose of a care home. I've already felt intimidated by characters hanging around outside the house. The property is on my route to the shops. Northcott Avenue separates my Avenue from Eastern Road. The property in question is much larger than a four bedroom apartment. Although I accept the application is to only use part of the building for a care home. My fear is that if they get permission for part of the house, they will then try and get the rest of the building converted into the care home. This road is residential and should not be allowed to convert into a commercial property.
