

Great news, you can get Virgin Media

44 Hampstead Lane, N6 4LL

is in a Virgin Media area

Already with us? (<https://www.virginmedia.com/help/moving-home/serviceable>)

QuickStart

It's yours from 18th June

Introduction to Virgin Media QuickStart

Whoop! Our free, self-install QuickStart pack is available at your address

What's QuickStart, you ask? It's our super handy, faff-free self-install kit that lets you get up and running in your own time – no need to wait around for an engineer!

You can have it delivered straight to your door, all free of charge. We've even created a handy video guide to show you how it's done.

Just a few of the benefits you can get with Virgin Media

TV Channels

What you get with Virgin TV

- Pause, rewind and record multiple channels at once
- Catch up TV including BBC iPlayer, ITV Player and 4OD
- Hours of on demand streaming with TiVO, Netflix, and Sky Box Sets
- Free Virgin TV Go app to watch on your PC, tablet and mobile*

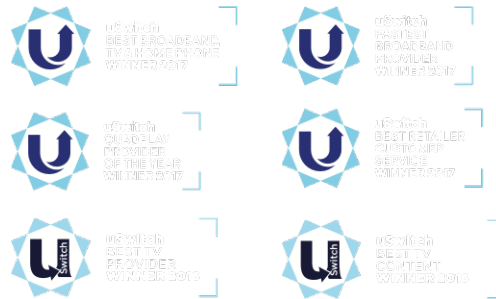

Free broadband

Our fastest widely available broadband

- Fast matters which is why we deliver average download speeds of 636Mbps with M600 Fibre Broadband
- The UK's fastest widely available broadband – 9x faster than BT and Sky's
- Or go even faster with Gig1 Fibre Broadband, now in nine cities and coming to more soon

All blended with our award-winning service

We've been voted Best Broadband, TV & Home Phone Provider two years running. So you know you're in good hands with Virgin Media.

The legal stuff

Your price will not increase during the minimum period except for broadband only packages.

New customers only. SERVICES ONLY AVAILABLE IN VIRGIN MEDIA NETWORK AREAS. Subject to survey, network capacity and credit check. A minimum period applies to the services, please check basket for details.

What is a minimum period? When you take any services from us you will be committing to taking that service for a minimum amount of time (e.g. 18 months). We call this a minimum period, minimum term or minimum commitment period but they mean the same thing. Please check your basket for details of the minimum period that applies to the services you have chosen.

What if I cancel or move home? If you cancel during the minimum period, you may need to pay an early disconnection fee, including when you move to a property outside of the Virgin Media Network area – this is because you will be asking to cancel your services early. The Virgin Media network does not cover all of the UK – please use our post code checker here (<https://store.virginmedia.com/movers.html>) to check availability. You can find more details on the early disconnection fee and process by visiting the Legal Stuff section of the website here (<https://www.virginmedia.com/shop/the-legal-stuff/terms-and-conditions-for-fibre-optic-services/early-disconnection-fees>). For the full terms and conditions please click here (<https://www.virginmedia.com/shop/the-legal-stuff/terms-and-conditions-for-fibre-optic-services.html%20for>).

Got a need for speed? We've got you covered

Upgrades for eligible Ultimate Oomph customers from M500 Fibre Broadband to M600 Fibre Broadband will be completed by 31st March 2021.
