Subject: Re: Your application for tree works at 23 Queens Avenue N10

I meant to say our surveyor recommended that we keep the ash and the fir tree pruned in particular, as they are close to the building.

T1 Ash - crown reduction from 12 m to 9 m in height and 1 m off the side, lateral growth all the way around

T2 Ash - I made a mistake, this does not need pruning

T3 Apple - crown reduction from 8 m to 6 m in height and 0.5 m all the way round, reshape, crown clean

T4 Fir - crown reduction from 10 m to 6 m

Kind regards

Jo
