Dear Sir/Madam,

Notification under The Electronic Communications Code (Conditions and Restrictions) Regulations 2003 (As Amended) to utilise Permitted Development Rights

Cell Ref: CS13742231 TEF009095
Address: Telecommunications site at BHS Wood Green, 26 High Road, Wood Green, London, N22 6BY
NGR: 531440, 189810

Cornerstone is the UK's leading mobile infrastructure services company. Acquiring, managing, and owning over 20,000 sites, Cornerstone are committed to enabling best in class mobile connectivity for over half of all the country's mobile customers. They oversee works on behalf of telecommunications providers and wherever possible aim to:

- Promote shared infrastructure
- Maximise opportunities to consolidate the number of base stations
- Significantly reduce the environmental impact of network development

Please accept this letter and its enclosures as formal notification in writing of 28 days' notice in advance, in accordance with Regulation 5 of the Electronic Communications Code (Conditions and Restrictions) Regulations 2003 (as amended).

Cornerstone intends to utilise permitted development rights, as defined in Part 16 of Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended), to install electronic communications apparatus/development ancillary to radio equipment housing.

A description of the development and breakdown of the component parts is outlined below:

- Removal of 6No. antennas and all ancillary development
- Installation of 6No. antennas (4No. of which will be raised by 1.7m for ICNIRP compliance as per HGY/2021/2864 consent) and all ancillary development

This proposal falls within permitted development rights as defined by The Town and Country Planning (General Permitted Development) (England) (Amendment) Order 2022.

In the first instance, all correspondence should be directed to the agent.

The development will be located at the subject site address with the site layout as marked on the attached drawings. All elements of this proposal will be coloured as per the existing apparatus and have been limited in terms of size and amount to ensure the delivery of public benefit via the mobile services it will provide, i.e.: improved and up to date mobile communications services.

The following planning drawings have been enclosed to assist you in identifying the site in question and which detail the proposed development:

- DD Rev 'B' Plans 100A, 200A, 201B, 300A, 301B

Certification has also been enclosed confirming that the proposed development has been designed to be fully compliant with the public exposure guidelines established by the International Commission on Non-Ionizing Radiation Protection (ICNIRP). These guidelines have the support of UK Government, the European Union and they also have the formal backing of the World Health Organisation.

For the avoidance of doubt this letter does not constitute:

- An application for a determination as to whether the prior approval of the Authority will be required to siting and appearance; or
- An application for planning permission

No fee is required for this notification.

We trust that this information is useful in assisting your department to maintain an accurate and up to date register of telecommunications installations. Our clients are eager to initiate early development in order to integrate the radio base station at the above location and would be grateful if you could provide your acknowledgement that the proposal is permitted development at your earliest convenience.

Should you have any queries regarding any aspect of this correspondence, please do not hesitate to contact the undersigned quoting the subject cell reference.

Yours faithfully
