Site

The tree is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is just within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (approximately 1.5m) >75mm.

Proposal

Tree works proposed:

Bay (T1) - Reduce height down by 4m, reduce lateral branches by 1m. To let more light into the garden.

Issues

I hold no objections to the proposed tree works.

The bay would score low for its worthiness of a Tree Preservation Order.

Recommendation

No Objection
