Comments: I am the Cllr responsible for responding to planning issues within this ward, I have visited the above address and my comments are below and are based on my observations and local knowledge during my 20 years as a Cllr for this ward.

In addition, I now refer to the MAYOR of London's new London Plan in particular the requirements of the size standards that The Mayor still requires. I would require that this proposal will comply with the above standards and indeed building regulations.

I have concerns as to an acceptable standard of light, overlooking and single aspect issues that may impact, including to internal areas and to loss of any amenity space.

I am also concerned that this application would result in a permanent change to the existing property which would in effect result in the permanent loss of a family housing unit, of which there is still a pressing need within the borough ? It is for this reason that the Council introduced an article 4 direction.
