Subject: Re: FW: CON/2022/0293 - 50 Coolhurst Road N8

a few more points the client asked us to add:

It's really hard to show that there's in fact another sycamore right behind it/to the side of it, so it looks like it's a much more mature tree than it is, because what you see from the house is actually two trees. It's also hard to show that the tree is self seeded and out of line with other boundary trees in the vicinity.

Thanks,
Alys
