## **Site**

The two Lime trees, as marked on the map, are situated in the front garden of the property. They are publicly visible.

Due to the minor nature of the proposed works and the level of detail submitted in support of the notification, a site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

## **Proposal**

Tree works proposed:

To pollard back to previous tree surgery points the 2 Lime trees in the front garden. Reason for tree work : tree management.

## **Issues**

I hold no objections to the reasonable repeat proposed works which is common practice for these pollarded Limes.

## **Recommendation**

**No Objection**
