Site

The trees T1- T4, as marked on the plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Issues

I hold no objections to the proposed tree works. The trees are low grade and not worthy of a Tree Preservation Order.

The residents intend to re plant with more suitable ornamental species.

Recommendation

No Objection
