Site

The Holly (A) and Hawthorn (B) trees, as marked on the drawing, are situated in the front garden of the property. They are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also just within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Issues

I hold no objections to the proposed reasonable works.

From the photographs the Hawthorn has an open cavity on the main trunk.
