Site

The Sycamore tree T1, as marked on the map, is situated in the rear garden of the property. It is not publicly visible from the highway but can be discernibly seen from Tottenham Cemetery

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is just outside the Tottenham Cemetery Conservation Area; however the tree is growing within the adjacent land that is within the Tottenham Cemetery Conservation Area.

This protects every tree with a diameter at breast height of >75mm.

Proposal

Issues

I hold no objections to the proposed works which are reasonable and carrying out common law right.

The land owner Haringey Council will not want any of the arisings back.

Pruning works can only be carried out from 17 Carrick Garden's side.
