

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

Application number	CON/2022/0328
Application type	Conservation Area Notification
Site Address:	18 Stanhope Gardens London N6 5TS
Proposal	Rowan - Cut the entire tree to ground level This tree is Ivy clad and is 80% dead

RECOMMENDATION:	No Objection	
Application date	17/08/2022	
Tree Inspector	DM	Date: 11 th October 2022

Site

The Rowan tree, as marked on the site plan, is situated in the front garden of the property. It is visible. Stanhope Garden is a high Pollarded Plane tree Avenue.

A site visit was deemed necessary to determine the appropriateness of the proposed works (22/09/2022 at approximately 12:30pm)

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Rowan - Cut the entire tree to ground level

This tree is Ivy clad and is 80% dead.

Issues

I hold no objection to the removal of the tree.

Rowans are small to medium short-lived pioneering trees. This Rowan has poor form and morphology due to being smothered in ivy.

Ivy does not kill trees however, it can lead to the crown sail area being affected, and as above affect growth to the peripheral edges.

The tree would be low scoring when using a methodology to rate its worthiness for a Tree Preservation Order.

The agent's client has agreed to re plant. The species is yet to be decided however, another ornamental tree would be ideal.

Recommendation

No Objection
