Site

The trees are situated in the rear garden of the property. They are publicly visible from Tottenham Cemetery.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The trees' locations are within the Tottenham Cemetery Conservation Area. This protects every tree with a diameter at breast height of 75mm.

Proposal

Tree works proposed:

Tree location - Bordering on rear garden Access - Via Church

T1 - Large group of approx. 4 self set Sycamores

Cut back to fence line.

Issues

I hold no objections to the reasonable proposed works. This is practicing Common Law Right to prune back the boundary only from the third-party side and what can be feasibly reached. It is generally minor works.

The landowner (Haringey Council) will not want any arisings offered back.

Recommendation

No Objection
