CON/2022/0401: 52 Talbot Road N6 4QP

T1: Cherry (6m): Fell due to close proximity to house

This is an inadequate application to fell a tree making its contribution to the verdant quality of the street scene and the character of the conservation area. The applicant gives no significant reason for felling the tree however, there was an application to fell it in 2014 and the tree looks somewhat neglected.

We would ask the Tree Officer to contact the applicant with a view to giving advice on how to maintain this tree at a smaller scale or replacing this tree by one that is more appropriate.
