Tree Constraints Plan AA01TCPP/PL

219 Philip Lane London

KEY:

Crown size is as Arial photo mapping and Tree Data as accurate on site at time of survey.

- The **RPA** delineates the minimum rooting area required to enable tree retention and tree root protection at time of construction

RPA:

Surveyed trees have been assigned a category in accordance with Table 1 of **BS 5837:2012 'Trees in Relation to Design, Demolition and Construction'**.

The category is indicated by the colour of the central tree point on plan and in Tree Data.

The categories are as follows:

Category 'A' - Tree of high quality and/or value
- **Green Centre**

Category 'B' - Tree of moderate quality and/or value
- **Blue Centre**

Category 'C' - Tree of low quality and/or value
- **Grey RPA**

Category 'U' - Tree of significantly reduced potential or for removal - no RPA unless in third party ownership, then **Dark Red Centre**.

See covering report for full Data key and full Method Statement for tree protection.

Scale: Approx. scale, measurements taken on site
