|                            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|                            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| What's your query?         | <p>This is to inform you that I am arranging for the removal of a large and heavy fallen tree branch from an oak tree with a Tree Protection Order (TPO) in my garden at 45 Ringwood Avenue N2 9NT, in the week commencing 17 October (provisional timing). The relevant TPO is The Haringey Council Tree Protection Order No. 1 1967.</p> <p>It is urgent that this work is done as the branch has fallen onto a neighbour's outbuilding (at 37 Beech Drive N2 9NX) and is nearly completely detached from the tree trunk. I attach photos which shows that the branch is almost detached from the tree and resting on the roof of the neighbour's outbuilding.</p> <p>There is a risk of the branch causing the collapse of or damage to the outbuilding roof or to the rest of the outbuilding if it detaches itself from the tree trunk e.g. because of strong winds or heavy rain/snow causing the branch to become even heavier. It could also pose a risk of serious injury to anyone in the vicinity of the outbuilding.</p> <p>Therefore, in line with the guidance on your website about immediate danger from trees with a TPO, we are hereby giving you 5 days' notice of this emergency work. The work is due to be done by Woodland Tree Surgery - <a href="https://woodlandtrees.co.uk/">https://woodlandtrees.co.uk/</a></p> |
