Dear Robbie,

RE: High Road West Plot A - Town and Country Planning (Environmental Impact Assessment) Regulations 2017 (as amended)

Waterman Infrastructure & Environment Limited has reviewed the amendments to the proposed design for High Road West (Plot A) being submitted as a Section 96a Non-Material Amendment Application. On the basis of the review, no further environmental assessment is considered to be required to support the application.

It is considered that the findings of the Environmental Impact Assessment submitted in October 2021 (the 'October 2021 ES') and as amended (by the 'February 2022 ESA' and the 'May 2022 'ESA') (collectively known as the 'Current ES') submitted in support of the Masterplan Consented Scheme (Ref: HGY/2021/3175) are not significantly changed as a result of this application.

Should you have any queries or wish to discuss the conclusions of this letter, please do not hesitate to contact us.

Yours sincerely

Polly Clifton
Associate Director
For and On Behalf of Waterman Infrastructure & Environment Ltd
