Site

The trees T1, as marked on the sketch plan and seen within the photographs, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

T1: Laurel (6m): Remove 2 stems due to decay.

Issues

I hold no objections to the removal of the Laurel. From the photographs these are two separate and different stems.

Both Laurels are poor specimens not worthy of further protection with a Tree Preservation Order.

Recommendation

No Objection
